

## Love Will Find a Way

Mix a little intrigue, mystery, and romance with the flavor of the Lake Geneva area for one delectable read! April Love has always wanted a place of her own to launch her dream catering business of Lovin Spoonfuls. But she had no idea that Kitty, her eccentric, well-meaning aunt, would buy her the turn-of-the-century Canoga Lake house she admired from the outside, until she saw the psychedelic decorating nightmare it was on the inside. While redecorating, April and her handsome hunk boyfriend, Marc Thorne, discover a narrow room hidden between two closet walls-and a young girl's faded diary and ledger from the 1930s. What they reveal are more secrets about the old house than April's ready for. Worse, every time she goes into the house, she has an eerie feeling something sinister is about to happen. Then she starts to hear noises, like someone is walking around upstairs.... Enough secrets, romance, and plot twists to keep even the mystery aficionado guessing whodunnit.-S. Dionne Moore, multipublished author, ACFW Carol Award Finalist, Senior Editor of the Borrowed Book A delicious read.
