The Church of Scientology says that a human is an immortal, spiritual being (thetan) that is resident in a physical body. The thetan has had innumerable past lives. Based on a text by ex-Scientologist Roland Rashleigh-Berry. Roland wrote: This is my personal opinion. I grant permission to anyone to reproduce this material. Recently Hollywood actor, Tom Cruise, has provided considerable publicity for the movement called Scientology. Just what is the nature of this religion? According to their official literature: Scientology is a religion that offers a precise path leading to a complete and certain understanding of oneself. It is an eight-pointed cross representing the eight parts, or dynamics, of life through which each individual is striving to survive. These parts are: the urge toward survival, the urge toward the welfare of others, the urge toward the welfare of the community, the urge toward the welfare of the planet, the urge toward the welfare of the universe, the urge toward the welfare of all life, the urge toward the welfare of the spiritual realm, and the urge toward the welfare of the infinite. The Church of Scientology is a multinational network and hierarchy of numerous ostensibly independent but interconnected corporate entities and other organizations. SCIENTOLOGY has frequently been in the media spotlight in recent years due to the secrecy around the religion and some serious allegations. - 7 min What is a Church of Scientology like? Take a video tour inside with Scientology parishioners FREE ONLINE COURSE. Tools for the Workplace. How to increase job efficiency and productivity, how to handle upsets and confusion in the workplace and more. By Scott Barnes. Scientology is a set of religious beliefs created by science fiction writer L. Ron Hubbard. Hubbard wrote a self-help book that explored the concept of the reactive mind. Developed by L. Ron Hubbard, Scientology is a religion that offers a precise path leading to a higher level of existence. L. Ron Hubbard discovered the single source of nightmares, unreasonable fears, upsets, insecurities and psychosomatic illnesses. Scientology is a body of religious beliefs and practices launched in May 1952 by American author L. Ron Hubbard (1911-1986). Hubbard initially developed a program of ideas called Dianetics, which was distributed through the Dianetics Foundation.
