

Laguna Beach: Sunset in Laguna (Kindle Worlds Novella)

The artist whos lost her inspiration...
Cheyenne Burns is stuck. Theres no other word for it. She hasnt created a new piece in over a year, and its putting her career (and her identity!) in serious jeopardy. No matter what she tries, she just cant seem to shake free of her baggage and create. Needing a change of scenery to jumpstart her inspiration, she takes a sabbatical in the gorgeous artists enclave of Laguna Beach. When she meets her sexy landlord, though, she realizes she might just get more out of the trip than she bargained for. The writer whos lost his mojo... Griff Hudson has been working on his novel for almost a decade, but the truth is, hes finished more bottles of Jack Daniels at his writing desk than he has pages. Guilt over his past has stolen his voice, and he sometimes wonders if hell ever get it back. Its not until Cheyenne walks through his front gate that he thinks he might have finally found his muse. Can Cheyenne and Griff let go of their pasts long enough to embrace their futuretogether?
