

With This Kiss (Welcome to Nottoway)

When Phoenix Dye returns to Nottoway, Virginia, after an eleven year absence, little did he know that the bothersome triplets who live across the road from him are his children by the only woman he has ever loved. Karina Wallace once believed in love, too, but all that changed after that one incredible summer spent with Phoenix. He disappeared without a trace, leaving her pregnant and alone. Now he's back and she's torn between telling him the truth or leaving things as they are. She feels Phoenix will only be in town for a short time. Why let the triplets fall in love with him only to be heartbroken when he leaves? But when she is blackmailed, will she be forced to tell him the truth?
