

Zen and the Art of Motorcycle Maintenance

This lyrical, evocative, thought-provoking journal of a mans quest for truth - and for himself - has touched and changed an entire generation, and is ready to reach out to a new one. At its heart, the story is all too simple: a man and his son take a motorcycle trip across America. But this is not a simple trip at all, for around every corner, through mountain and desert, wind and rain, and searing heat and biting cold, their pilgrimage leads them to new vistas of self-discovery and renewal. Zen and the Art of Motorcycle Maintenance is an elemental work that has helped to shape and define the past 25 years of American culture. This special audio edition presents this adventure in an exciting new way - for the millions who have already taken this journey and want to travel these roads again, and for the many more who will discover for the first time the wonders and challenges of a story that will change the way they think and feel about their lives.
